An Overview of the Family First Prevention Services Act

Carl Ayers, Director, Division of Family Services

Duke Storen, Commissioner, Virginia Department of Social Services
Public Law 115-123
Division E – Health and Human Services Extenders Title VII – Family First Prevention Services Act
Family First

New Prevention Program

Title IV-E Foster Care Changes

Other Changes
Our **vision** for Family First is to **keep children safe**, **strengthen families and reduce the need for foster care** whenever it is safe to do so.
IV-E
$210 million
50/50 match rate
(federal/state)

Children’s Services Act
$370 million
65/35 average match rate
(state/local)
New Prevention Program
Eligibility for Prevention Services

- A child identified as a candidate for foster care who can remain safely at home or in a kinship home and is identified as being at imminent risk of entering foster care.

- A child whose adoption or guardianship arrangement is a risk of a disruption/dissolution and includes post-reunification services.

- A child in foster care who is pregnant or parenting.

Caregivers of children identified above are also eligible for prevention services.
Virginia’s Imminent Risk Definition

“Imminent risk” means a child and family’s circumstances demand that a defined case plan is put into place within 30 days that identifies interventions, services and/or supports and absent these interventions, services and/or supports, foster care placement is the planned arrangement for the child.
The Candidate for Foster Care must have a written prevention plan which includes the following:

- Identify the prevention strategy so that the child came remain in the home, live temporarily with a kin caregiver until reunification can be safely achieved, or live permanently with a kin caregiver;
- List of services or programs to be provided to or on behalf of the child to ensure success of the prevention strategy
All of the services provided, must be evidence-based and trauma informed.

There is no income test for children and their families to receive these identified services.
New federal funds for prevention services are intended to increase, not replace, state funding for Prevention Services.
Federal Clearinghouse of Evidence Based Programs

Mental Health Services
- Parent-Child Interaction Therapy
- Trauma-Focused Cognitive Behavioral Therapy
